A wedding of interest was solemnized last Saturday afternoon at Alhambra, Cal., when Miss Clara Lowell, daughter of Mr. and Mrs. Charles A. Lowell, was united in marriage to Wilbur C. Conroy of Salt Lake City. The bride's aunt, Mrs. T. Emmet Leiby, of Washington, D. C., assisted at the ceremony as matron of honor. Rev. Robert McIntyre officiated. At one end of the large reception room was a beautiful arch of asparagus ferns and orange blossoms, and under this the bride wore a stylish traveling suit of blue cloth and carried a white bouquet. The bride was escorted by her father, and the groom by his best man, Mr. Conroy. The guests included only a few intimate friends of the family. Mr. and Mrs. Conroy left during the afternoon for a trip through the coast states, and will make their home in Salt Lake City.

A pretty home wedding at 3 o'clock yesterday afternoon was that of Miss Isabelle Becker and Wilbur Price. They were married at the home of the bride's sister, and Bishop Tingey officiated. The bride wore a pretty gown of white net over pale green, and carried white roses. The house was beautifully decorated with pink and white carnations, ferns and palms. Later a reception was held at the home of Mr. and Mrs. C. Price, which was decorated with red and white carnations. Mr. and Mrs. Price left for Los Angeles and San Francisco. ## Hungry As a Bear and Can't Eat

If, When Mealtime Comes, You Suffer From a Yes-No Kind of Hunger, You're a Dyspeptic.

How to Cure All Stomach Troubles.

A good many people get mad when you tell them they've got dyspepsia, but way down deep in their stomachs they know they've got it.

"I'd love to eat it, but I can't," is one kind of dyspepsia. "I hate to think of it," is another kind. There are thousands of people today who hate their meals, and love them at the same time. They haven't that fine empty-stomach, eat-everything-is-right kind of feeling which goes with every good strong healthy stomach. That's because they have dyspepsia. An then there are others whose mouths don't water at meal time or at any other time. They sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

Every possible kind of stomach trouble can be cured by taking something which will just take right hold of all the food in your stomach and digest it alone without the help of the stomach, and let the stomach take a rest. Stuart's Dyspepsia Tablets do this very thing. They are composed of the best digestive known to science, and are absolutely safe. One ingredient alone of one of these tablets will digest 3000 grains of food! These tablets do exactly the work that a good strong healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia, indigestion, burning or irritation, loss of appetite, bloating, belching, aversion to food, fermentation and gas on the stomach. Stuart's Dyspepsia Tablets will make you feel "good" before and after each meal, and make your stomach strong and healthy again. They will make you happy.

Send us your name and address today and we will at once send you by mail a sample package, free of charge. Write to Stuart Co., 180 Stuart Bldg., Marshall, Mich.

Stuart's Dyspepsia Tablets are sold at every drug store for 50c a box.

At a Kensington Thursday afternoon, in honor of Mrs. W. B. Sprague, Mrs. Gue and Mrs. Alma Katz. The rooms were beautifully decorated with yellow jonquils. Mrs. Reid was assisted by Mrs. W. W. Armstrong and Miss Jasmine Young.

Mr. and Mrs. Fred A. Hale entertained eight at a dinner at their home Thursday afternoon. The table was prettily decorated with yellow daffodils, with silver candelabra with yellow shades and candles at either end of the table.

Mrs. Fred Sinclair left Thursday for Portland, where she will visit her sister, Mrs. Edward Sterling. She will join her husband later in San Francisco, where they will make their home.

Mr. and Mrs. C. F. Adams have returned to the Bransford after spending two weeks with Mr. and Mrs. Sidney K. Hooper at their country home.

Miss Rogers and Miss Marjorie Loda will leave next week to join Mr. Loda at Ocean Park, Cal., where they will spend several months.

Mrs. Henderson and her daughter Nellie will leave the first of the week for a short stay in California.

Mr. and Mrs. Russell G. Schuller returned Wednesday evening, after a six weeks' trip in the East.

Mrs. C. C. Slade and daughter Katherine returned Thursday after a month spent in California.

Mr. and Mrs. W. W. Armstrong are now at home at 22 Bransford apartments.

Mr. and Mrs. Harry Joseph have returned from a stay of several weeks in California.

Mrs. F. J. Fabien entertained informally at bridge Thursday afternoon.

Mrs. C. H. Van Arman left Wednesday to visit at Grand Rapids.

DEMOCRATIC MUDDLE IN STATE OF MINNESOTA

ST. PAUL, Minn., March 5.—The Dispatch today says: One of the biggest political meetings in the history of Democratic politics in Minnesota is expected tomorrow when the members of the Democratic state central committee gather in St. Paul to fix dates for the coming state conventions and arrange plans for the campaign. The committee is composed of eighty-five members, and it is expected that each will be represented either in person or by proxies. In fact, proxies have been eagerly sought by the followers of Governor Johnson, the one idea being to prevent their falling into the hands of the Bryanites. Members of what is known as the governor's "kitchen cabinet" credit the committee with nine out of ten Bryanite votes. The members, it is claimed, will make strenuous objections to any Johnson endorsement, but they are so far in the minority that their protest, beyond making trouble, will avail them nothing. It was rumored today that the committee would be the opening gun in Governor Johnson's campaign for the Democratic presidential nomination. If it is, he is not taking any hand in the preliminaries, it being indirectly the work of his admirers.

## FIGHTING FOR LIBERTY OF HIS INSANE SON

TACOMA, Wash., March 5.—Judge Snell today refused Wilbur H. Thompson's petition to set the case of his son Chester for hearing. Young Thompson was acquitted of the murder of Judge Emory of Seattle on the ground of insanity, and was committed to the insane hospital in Walla Walla prison under an old territorial statute. Mr. Thompson seeks the youth's release under the Graves' act, which provides for the release of the criminal insane upon their mental recovery, but Judge Snell holds that to be impossible because the act did not become law until after judgment was passed on the prisoner. Mr. Thompson will apply to the supreme court for a writ of mandamus to compel Judge Snell to set the case. Prosecutor Macintosh of King county has said that if rehearing is granted he will summon to the witness stand all of the fifty or sixty persons who testified that the prisoner was insane. If he does this the case will occupy two months.

## DASHED TO DEATH BY FALL FROM HIGH CLIFF

AVALON, Catalina Island, Cal., March 5 (via wireless to Los Angeles).—Mutilated almost beyond recognition, and with clothing torn to shreds, the body of L. L. Watson, a guest at the Hotel Metropole, who has been missing several days, was found at noon today by two guides on a ledge 1200 feet below the top of a cliff and 450 feet above the beach. The position of the body indicates that Watson, while climbing the cliff, fell from somewhere along its face to the ledge where his body was discovered. The body will not be recovered until tomorrow at daybreak.

Watson's brother is expected to arrive here from Clifton, Arizona, tomorrow when the inquest will probably be held.

## A LAZY LIVER

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over-work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver complaint," or torpid liver, by its wonderful control over the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system of poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

Symptoms. If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, bitter or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, or biliousness, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver, or biliousness and weak stomach. Avoid all hot breads and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

Of Golden Seal root, which is one of the prominent ingredients of "Golden Medical Discovery," Dr. Roberts Bartholow, of Jefferson Medical College, says: "Very useful as a stomachic (stomach) tonic and in atonic dyspepsia. Cures gastric (stomach) catarrh and headache accompanying same."

Dr. Grover (Goe) of New York, says: "Hydrasol (Golden Seal root) exercises a special influence over mucous surfaces. Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigorator) it has few equals." Dr. Coe also advises it for affections of the spleen and other abdominal viscera generally, and for scrofulous and glandular diseases, cutaneous eruptions, indigestion, debility, chronic diarrhea, constipation, also in several affections peculiar to women, and in all chronic derangements of the liver, also for chronic inflammation of bladder, for which Dr. Coe says "it is one of the most reliable agents of cure."

Prof. John King, M. D., late of Cincinnati, author of the AMERICAN DISPENSARY, gives it a prominent place among medicinal agents, reiterates all the foregoing writers have said about it, as does also Prof. John M. Scudder, M. D., late of Cincinnati. Dr. Scudder says: "It stimulates the digestive process and increases the assimilation of food. By these means the blood is enriched." "The consequent improvement on the glandular and nervous systems are natural results." Dr. Scudder further says, "in relation to its general effect upon the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic, useful in all debilitated states."

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of Golden Seal root: "It is a most superior remedy in catarrhal gastritis (inflammation of the stomach), chronic constipation, general debility, in convalescence from protracted fevers, in prostrating night-sweats. It is an important remedy in disorders of the womb." (This agent, Golden Seal root, is an important ingredient of Dr. Pierce's Favorite Prescription for women's weaknesses, as well as of the "Golden Medical Discovery.") Dr. Ellingwood continues, "in all catarrhal conditions it is useful."

Much more, did space permit, could be quoted from prominent authorities as to the wonderful curative properties possessed by Golden Seal root.

We want to assure the reader that "Golden Medical Discovery" can be relied upon to do all that is claimed for Golden Seal root in the cure of all the various diseases as set forth in the above brief extracts, for its most prominent and important ingredient is Golden Seal root. This agent is, however, equally reinforced, and its curative action greatly enhanced by the addition, in just the right proportion of Queen's root, Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure glycerine. All of these are happily and harmoniously blended into a most perfect pharmaceutical compound, now favorably known throughout most of the civilized countries of the world. Bear in mind that each and every ingredient entering into the "Discovery" has received the endorsement of the leading medical men of our land, who extol each article named above in the highest terms. That other medicine put up for sale through drug stores, and show any such professional endorsement for dyspepsia, liver troubles, all chronic catarrhal affections of whatever name or nature, lingering coughs, bronchitis, throat and lung affections, the "Discovery" can be relied upon as a sovereign remedy.

A little book of extracts treating of all the several ingredients entering into Dr. Pierce's medicines, being extracts from standard medical works, of the different schools of practice will be mailed free to any one asking (by postal card or letter), for the same, addressed to Dr. R. V. Pierce, Buffalo, N. Y., and giving the writer's full post-office address plainly written.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.
